

Start-to-Fly @ LUAC

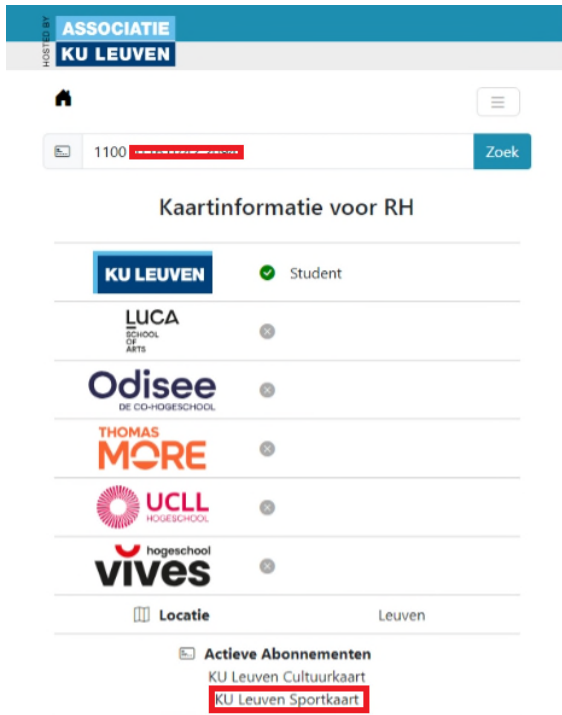

Gliding, an unattainable dream? Not if you join the Leuvense Universitaire Aero-Club.

Make use of our Start-to-Fly formula to get to know our club and get a taste of flying:

What is it?	<ul style="list-style-type: none"> A low-cost membership that provides access to a range of activities (introductory flights, classroom course, simulator lessons) that introduce you to the sport of gliding.
What does it cost?	<ul style="list-style-type: none"> Membership dues <ul style="list-style-type: none"> <i>Special rate: FREE for high-school, bachelor and master students with a KU Leuven sports card (see next page)</i> <i>Standard rate: € 30 for students without sports card, PhD students, staff and everyone else</i> <i>1 year membership extension free of charge if you were unable to fly during the year of initial registration, for whatever reason</i> Extra cost (to be paid on the airfield) <ul style="list-style-type: none"> <i>€ 44 per flight for the aerotow</i> <i>No charge for the use of the glider and the instructor</i>
When to register?	<ul style="list-style-type: none"> Registration is possible between mid-February and mid-October.
How to get started?	<ul style="list-style-type: none"> Online registration: www.luac.be/newmember After your registration is processed by the membership administration, you will receive a welcome guide with all practical information (in English)
What is included?	<ul style="list-style-type: none"> You are a Start-to-Fly member of LUAC for the remainder of the year. You have access to the members-only section of the website, where everything happens (activity calendar, bookings etc.). You can participate in the following activities: <ul style="list-style-type: none"> <i>During the flying season (April-October) at the airfield of Genk-Zwartberg:</i> participation in 1 flying day with a choice of one or more introductory flights / trial lessons in two-seater with an instructor. <i>During October-November in Leuven:</i> attending the classroom course "theory of gliding" given in English (slides mostly in Dutch), plus an evening of flight instruction on our gliding flight simulator.
Can I do more?	<ul style="list-style-type: none"> If you are motivated to learn to fly, you can afterwards register as a student pilot. However note that to continue beyond first solo flight, you will need to be proficient in the Dutch language.
The small print:	<p>You are at least 16 years old, not taller than 1.90 m and your weight is between 55 en 90 kg. Medical requirements: you should be in normal health and not be pregnant. The Start-to-Fly membership includes personal accident insurance coverage. In order to fly, you will need to make an online booking. The flying takes place during the weekend on the airfield of Genk-Zwartberg in the period March-October. You are present on the airfield during the entire day, just like the other members. The price of the aerotow can be changed by the airfield without advance notice. This is only an introductory package. In no way can these flights be logged as part of an official pilot training course. You can use the Start-to-Fly formula (and extension) only once.</p>

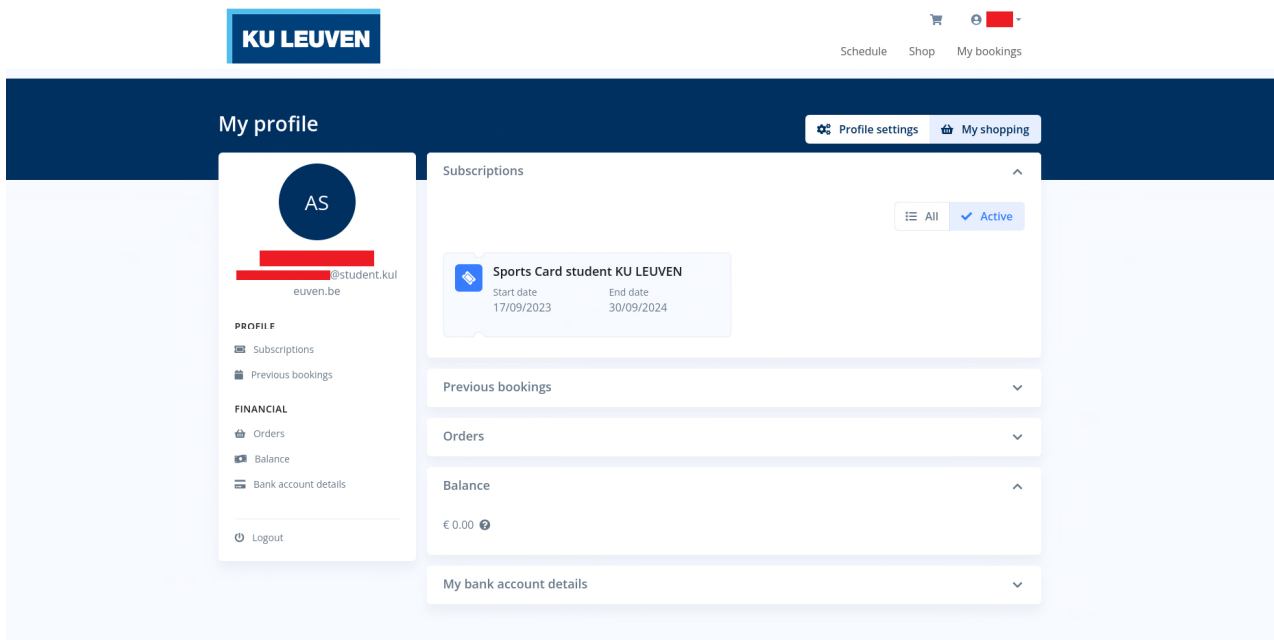

How to prove that you are a student with a sports card:

After your online registration, email a scan or photo of both sides of your student card.
We will then check your student and sports card status via <https://kaart.associatie.kuleuven.be>

Versie: 1.1.0

If your sports card is not listed there under the heading 'Active subscriptions', please provide proof via a screenshot of your account on the KU Leuven Sport online tool:

If you have **not** purchased a sports card during your enrolment as a student, you can choose between paying the LUAC standard rate or buying a sportscard via the online tool of KU Leuven Sport: <https://www.kuleuven.be/sport/eng/onlinetool/onlinetool>
